

EMCD COOKIES POLICY

Last Updated: June 13, 2025

We at EMCD (referred to here as “**we**”, “**us**” or “**our**”) respect and protect the privacy of those who explore our Services (“Users”) and Users who sign up for and access our Services (“Clients”) (together referred throughout this policy as “you” and “your”).

This Cookies Policy (“Policy”) describes how we collect, use, and share Cookies when you explore, sign up for or access our “Services”, which include the services offered on our websites, including emcd.io (each a “Site” and collectively the “Sites”) or when you use the EMCD mobile app and related services.

What are cookies?

Cookies are small data files consisting of text and stored on your device (e.g., computer, smartphone, tablet) by the Sites upon accessing or interacting with its content. These files may contain certain identifiers or preference information (such as language settings), enabling the Sites to recognize your browser upon subsequent visits and automatically display content in the appropriate configuration.

Upon your first visit to the Site, we will request your consent to place cookies on your device.

Some cookies are set by third parties that provide services on our behalf, such as analytics providers (e.g., Google Analytics). These third parties may collect information about your online activities over time and across different websites.

What types of cookies does the Site use?

Strictly Necessary Cookies

These cookies are essential for a Site to work properly. They help you do things like log in, move around the Site, and use basic features. Without them, the Site wouldn’t function as it should. They don’t store any personal information and can’t be turned off.

Performance Cookies

These cookies help us understand how visitors use the Site. They collect information like which pages are visited most often and if any errors happen. This helps us improve how the Site works. They don’t identify you personally.

Functionality Cookies

These cookies remember your choices, like your language preference or region, so the Site can be more personalized. They make your experience smoother by remembering settings and past actions. It is possible to turn off Functionality Cookies, but doing so may affect how well the Site works for you.

Analytics Cookies

These cookies help us understand how you use our Site. They collect information like which pages are visited, how long users stay, and what links they click. This helps us improve the Site and make it easier to use. The information is collected in a way that doesn't directly identify you.

Cookies may be:

Persistent Cookies

These cookies stay on your device for a set period of time, even after you leave the Site or close your browser. They remember things like your login details or preferences, so you don't have to enter them again every time you visit the site. Persistent Cookies may remain on your device for up to 24 months unless deleted earlier by you.

Session Cookies

These cookies only last while you're on the Site. They help the site work while you're browsing. Once you close your browser, these cookies are deleted automatically.

How to Manage Cookies?

You can manage cookies through your browser settings. You have the right to prohibit the use of cookies, but this may limit the functionality of the Site. To learn more about cookies, including to find out which cookies have been set, visit www.aboutcookies.org or www.allaboutcookies.org.

You can prevent your browser from accepting certain cookies, require your browser to request your consent before a new cookie is placed in your browser, or completely block cookies by selecting the appropriate settings in your browser's privacy settings. To prevent cookies from being received in the browser of your mobile device, you need to refer to its user manual.

Where required by applicable law, we will not set (or allow third parties to set) non-essential Cookies or similar tracking technologies on your device unless you have provided your explicit consent through our cookie banner or consent management tool. You can withdraw or adjust your consent preferences at any time by visiting our Cookie Settings

Web Beacons

We also may use “web beacons”, “pixel tags”, “clear GIFs” or similar means (individually or collectively “Web Beacons”) on our Site. A Web Beacon is an electronic image, often a single pixel, embedded on web pages. Web Beacons are ordinarily not visible to users. Web Beacons allow us to count the number of users who have visited certain pages of the Site, to deliver branded services and to generate statistics about how our Site is used.

Miscellaneous

Where applicable under Dubai International Financial Centre (DIFC) Data Protection Law, you have the right to access, correct, or delete your personal data collected via Cookies.

For more information about how we collect, use, and protect your personal information, please read our [Privacy Policy](#).

Please note that while this Cookies Policy refers to Blockchain Technical L.L.C-FZ, our Privacy Policy may refer to other group companies that act as joint controllers or processors depending on the specific services provided.

Changes to Policy

We may update this Policy from time to time in order to reflect, for example, changes to the cookies we use or for other operational, legal or regulatory reasons and encourage you to review this Policy periodically.

How to Contact Us

If you have questions or concerns regarding this Policy, or if you have a complaint, please contact us on support portal (located at Site) or by e-mail: support@emcd.io
